JOB ANNOUNCEMENT

The Merced County Mosquito Abatement District will have an opening February 11, 2021 for:

Position: Hourly Mosquito Control Technician- Extra Help

Duration: Temporary position. April-November at the discretion of the General Manager.

Work Location: Reporting Office: Merced Office: 3478 Beachwood Drive Merced, CA 95348

Definition: This position, under the general direction of the General Manager and direct supervision of the Field Services Supervisor, is an entry-level position that performs inspections and mosquito control operations and does related work as required. Examples of work includes surveying of areas for mosquito breeding, makes applications of public health pesticides according to the label, assists in maintenance of the District buildings and grounds. Completes a daily report of work performed and other information as required.

Minimum qualifications: Must have a valid California State Driver's License with a good record and insurability with the District's insurance carrier, using the accepted guidelines of the insurance provider. Graduation from High School or equivalent and sufficient background to be able to comprehend phases of training in the mosquito control field.

Working Conditions: Applicants must be physically able to perform manual labor, lift and carry weights in excess of twenty-five pounds, stamina to walk in and through pastures, rice fields, and wetlands; and to traverse rough terrain while carrying handcans, backpack sprayers and other mosquito control equipment.

Salary: \$13.00 per hour. Employment will be seasonal (ending in November). No benefits are offered.

Application: Applications must be submitted via email at MCMADOffice@gmail.com only.

Applications will be accepted until the position has been filled. The anticipated start date is April 5, 2021.

The purpose of the District is to provide area-wide mosquito control, prevent mosquito-borne disease, and reduce economic loss and discomfort from pestiferous mosquitoes.
